# APPROVED PROVIDER UNIT NEWSLETTER

**February 2019**

## **Thank you!!**

WE are so thrilled at the response rate for our request for NARS and end of year survey data. It was so helpful to have the data in a timely manner.

## **FAQ**

### **Any Changes to the Provider Applications?**

Other than the addition of a reference for the quality outcomes section no changes have been made. But, please check [www.ohnurses.org](http://www.ohnurses.org) regularly for any updates. I did just add an ANCC Content Integrity file. This is a great resource.

### **COI?**

Almost everyone has questions regarding COI. We will be sending a link to a webinar that we just completed. Contact hours will be available for this content.

## **Why NPD?**

We had a great Winter Nurse Planner Webinar Series. Don't worry if you missed it, the content will be available soon on our [www.CE4Nurses.org](http://www.CE4Nurses.org) website. We had great conversations around the importance of being a Nursing Professional Development Practitioner and the value that we bring to healthcare. We look forward to continuing the conversation in our upcoming events and encourage you to pursue your own professional development. This includes assessing your worth to your organization and advocating for your specialty. You are important! Do others know this????
